

LIST 8 (see S.No. 273 of the Table)

(1) Electrostatic precipitation system including Automining Spray Nozzle, CO-Analyser, Emitting Electrode	(1) Mechanical flocculators	(11) Conductivity meter
(2) Folt-filter systems including Pulse Valve, Filter Bag	(10) Diffused air/surface aeration systems for activated sludge systems	(12) Turbidity meter
(3) Dust collector systems	(11) Surface aeration system for aerated lagoon systems	(13) Water pollution test kit
(4) Scrubber-counter current/venturi /packed-bed / cyclonic scrubbers	(12) Bio-filters rotating arms	(14) Water flow meter
(5) Air Sampler (CO, SO ₂ , NO _x , H ₂ , SO ₃)	(13) Methane recovery anaerobic digester system	(15) BOD incubator
(6) Continuous analyser for CO, SO ₂ , NO _x	(14) Air floatation systems	(16) Mercury analyser
(7) Halogen detector	(15) Marine outfall systems	(17) Spectrophotometers (UV-VIS and VIS-IR digital)
(8) Mechanically skimmed oil and grease removal systems	(16) Centrifuge and vacuum filters for dewatering sludge	(18) Continuous flow recorder with integrator
	(17) pH meter (digital as well as analog-type)	(19) Continuous pH recorder
		(20) Fly-ash handling system
		(28) Effluent treatment plant

LIST 9 (see S.No. 276 of the Table)

(1) Drilling and Work over Rigs, their equipments, accessories and spares: Drilling/Workover Equipments like Draw works, Rotary Table, Crown Block, Travelling Block, Prime movers (Diesel and Gas Engines), Mud pumps, D.G. sets, Air compressors, welding set, shale shaker, stainless steel wire mesh, Degaser, Desilter, Mud Agitator, Desander, Mud Mixer, Tanks, Mud pumps, centrifugal pumps, water pumps, reciprocating pumps, plunger pumps, submersible	Mooring ropes, Manilla ropes, Power Tongs, Electric Motors, Drillometer. (2) Oil Country Tubular Goods (OCTG): Drill pipes, Drill collars, casing pipes, Tubings, kelly, kelly-cock, substitutes, cross-over sub., pup-joints. (3) Handling Tools, Fishing Tools including impression block, Milling tools, floating equipments, reamer, casing scrapper, Drill pipe protector, Drill pipe wiper, centralisers, turbolizers, stabilisers	(4) Drilling Bits and Coring Bits including Nozzles. (5) Drill Stem Testing (DST) equipments and tools. (6) Wellhead and x-mas tree, valves of different types and ratings, choke and kill manifold. (7) Blow out Preventor (BOP) and BOP accumulator unit (8) Rotary and Vibratory Hoses, High pressure hoses, suction hoses, S.B.M. Hoses. (9) Cementing equipments, cementing plug, cementing head,
--	---	---

pumps, Mast structure and sub-structure, wire ropes, Nylon ropes,	and other down-hole equipments.	
cementing shoe, swivel joint, chickson joints, Hammer Unions, oil well cement and cement additives.	(21) Instrumentation	(39) Fly ash
(10) Subsea equipments.	(22) Well completion equipments	(40) Fast shut off coupling
(11) Mud line suspension system, Liner Hanger	(23) Well and production platforms, their equipments, accessories and spares.	(41) Female sunk
(12) Bunk Houses including air conditioned cabins	(24) Anthracite and garnet.	(42) High/Low strength proppant
(13) Directional Drilling Tools.	(25) Cathodic protection system	(43) Magoolube
(14) Drilling spools and flanges, spacer spool, adopter, flanges, weldneck flanges, cross over spools/studs/units, gaskets and ring-joint gaskets.	(26) Gas collecting module	(44) Molecular sieves
(15) Shackles and clamps	(27) Hot oil circulating unit and spares.	(45) Monitor orifices, straight bore tips orifices
(16) Oil and gas separators, water bath heater, heater treater, pressure vessels, crude conditioning equipments, tanks manifolds, gas burners, gas detectors, wrapping/coating materials for line pipes.	(28) Mobile steam generator	(46) Rock sample polishing machines and accessories
(17) Medium and high pressure gas compressor, air compressor, water cooling equipments, MCC and electric panels, water-injection pumps, dosing pumps.	(29) Gravel pack	(47) Sedimentation Balance
(18) Well stimulation equipments, accessories and spares.	(30) Pigs	(48) Simulator
(19) Mobile high pressure air compressures.	(31) Dehydration unit	(49) Spectrophotometer
(20) Sucker Rod pumps, sucker rods, sub-surface pumps, Reda	(32) Laboratory and oil field chemicals, pour point depressant (PPD), well stimulation chemicals and other speciality chemicals.	(50) Surfactant (water/oil soluble)
	(33) Line pipes and pipe fittings.	(51) Synchrophone (I&II)/Remote firing system/Radio controlled Blaster/Encoder/Shooting system
	(34) Wireline winches, wireline tools, Air winches and other wireline equipments, lubricator assembly.	(52) Tarpaulines
	(35) Geological/Geophysical data acquisition, Interpretation and Processing equipments and shooting systems, vibrators and other energy sources, shot hole drilling and survey equipments and personal computers(PCs), printers, teleprinters.	(53) Tents and accessories
	(36) Data Storage Devices.	(54) Test separators
	(37) Laboratory equipments and apparatus.	(55) Thread Dopes
		(56) Well activator foaming agent
		(57) Walnut shell
		(58) Logging and perforation equipments and Mast Units
		(59) Reservoir Engineering Equipments
		(60) Land and Marine Seismic Cables, logging cables, connectors, Geophone strings, oil field explosives.
		(61) Safety equipments and accessories including Fire fighting equipments, accessories and kits

pumps and couplings, gas lift valves, packers and other equipments for secondary recovery.	(38) Explosive Boxes/Explosive Vans mounted on Jeeps and Telco chassis.	and liveries. (62) Electronic and communication systems including accessories and spare.
(63) Electronic and communication test and measuring equipments, accessories and spares thereof. (64) Electrical system (Low and High voltage) (65) Consumables stores for communication equipments and PCs. (66) Gas Turbines. (67) Jeeps, vehicles and cranes of all types (68) Workshop machinery and tools (69) Air operated cutter/casing cutter (70) Alternators (71) Anchors (72) Anchors Chains	(73) Antenna Masts (74) Bearings (75) Chain pulley blocks (76) Dipole Antenna (77) Electronic Distance Measuring Equipment complete with sececs Theodolite (78) Foam pumps (79) Foam transfer pump low head with foamer. (80) Forklifter and spares thereof (81) Frequency meter (82) Grease gun, power and bucket type (83) Heavy wall reinforced rubber fire monobar hoses (84) Helipad net (made from polypropylene rope) High/Low Strength Proppant	(86) Industrial Gases (87) Insulation Tapes (88) Integrated Foram units mounted on heavy duty skid (89) Ironite sponge (90) Jointing sheets (91) Life jackets (92) Pressure Transmitter (93) Transformer (94) Test separators (95) Carbide Tips (96) Subassembly tools, accessories, consumables and spares for the goods specified in this list.
