The VDIS, 1997 was introduced w.e.f. July 1, 1997. The last date of filing declarations under the Scheme was December 31, 1997. The tax collected under the scheme was estimated to be Rs. 10050 crore. States' share in the proceeds of VDIS, 1997 was estimated to be Rs. 7594 crore which was distributed to the States on the basis of the same percentage share as being adopted for the distribution of the net proceeds of Income Tax (other than corporation tax). On the basis of the provisional actual collections during 1997-98, a sum of Rs. 750 crores is estimated to have been paid in excess to the States which will be adjusted from the States' share of Income-tax payable during 1998-99.

INTEREST TAX

EXPENDITURE TAX

The Expenditure Tax Act, 1987 provides for levy of a tax on expenditure incurred on hotels where the room charges for a unit of residential accommodation are rupees twelve hundred or more per day per individual. For expenditure incurred before 1-6-1992, this amount was rupees four hundred or more per day per individual. The rate of expenditure tax was initially kept at 10% of the chargeable expenditure. This was raised to 20% w.e.f 1-6-1989. This has again been reduced to 10% by the Finance Act 1994 w.e.f 1-4-94. By the Finance (No. 2) Act 1991 w.e.f. 1-10-1991, expenditure tax was also levied on expenditure incurred in restaurants providing superior facilities of air conditioning or having access to these facilities. This levy was withdrawn by the Finance Act 1992 w.e.f. 1-6-1992. The expenditure tax is not payable in the case of persons enjoying diplomatic privileges. The expenditure incurred in foreign exchange after 1.10.1992 also attracts this tax. The Revised Estimate for 1997-98 was placed at Rs. 210 crores and the Budget Estimate for 1998-99 has been placed at Rs. 300 crores.

ESTATE DUTY

Estate duty on agricultural land was discontinued under the Estate Duty (Amendment) Act, 1984. The levy of Estate Duty in respect of property (other than agricultural land) passing on death occurring on or after 16th March, 1985, has also been abolished under the Estate Duty (Amendment) Act, 1985. The Revised Estimate 1997-98 and Budget Estimate 1998-99 which represent likely collections on estates passing on before the above amendments, are placed at Rs. 1.00 crore each.

The Wealth tax Act, 1957 provides for levy of a tax on the net wealth of every individual, Hindu Undivided Family (HUFs) and companies.

Wealth tax on agricultural property was withdrawn under the Finance Act, 1982. The estimates assumed are in respect of arrear demand. An amount equivalent to the net proceeds of wealth tax on agricultural property is passed on to the States as grants-in-aid for which necessary provision is made in the expenditure estimates.

With a view to stimulating investment in productive assets, the Finance Act, 1992 w.e.f. 1.4.1993 i.e. Assessment Year 1993-94, abolished Wealth Tax on all assets except certain specified assets. The Wealth Tax was abolished on assets such as shares, bank deposits, fixed deposits, bonds, debentures, etc. This was done on the recommendation of the Chelliah Committee which had suggested that in order to encourage the tax payers to invest in productive assets such as shares, securities, bonds, bank deposit etc., and also to promote investments through mutual funds, these financial assets should be exempted from Wealth Tax. It recommended that Wealth Tax should be levied on individuals, Hindu Undivided Families and all companies only in respect of unproductive assets such as residential houses, farm houses, urban land, jewellery, bullion, motor car, plane, boats, yacht etc.

Finance Act, 1992 amended Wealth Tax Act and the term 'asset' has been redefined whereby only following assets are taxable from the assessment year 1993-94.

- (i) Any guest house and any residential house (including a farm house situated within 25 kms. from the local limits of any municipality or a cantonment board);
- (ii) Motor cars;
- (iii) Jewellery, bullion and furniture, utensils or any other article made wholly or partly of gold, silver, platinum or any other precious metal or any alloy containing one or more of such precious metals;
- (iv) boats, yachts and aircrafts;
- (v) Urban land;
- (vi) Cash-in-hand, in excess of Rs. 50,000, of individuals and Hindu Undivided Families and in the case of other persons any amount not recorded in the books of account.

As regards residential house, a house which has been allotted by a company to an Officer or a Director who is in the whole time employment having a gross annual salary of less than two lakh rupees is not taxable. Also, a residential house which forms part of stock-in-trade is not taxable. Further w.e.f. 1.4.94 i.e. Assessment Year 1994-95, one house or part of a house belonging to individuals and HUFs has been completely exempted from the levy of Wealth Tax.

With effect from 1-4-1997 i.e. Assessment year 1997-98 and subsequent years, commercial properties other than those occupied by the assessee for the purposes of any business or profession carried on by him, have also been included in the terms 'asset' and are consequently taxable.

As regards assets mentioned at serial no. (iii) above, if these assets are used as stock-in-trade then they are not taxable. Further the assets mentioned at serial no. (iv) above are not taxable if they are used by the assessee for commercial purposes.

Urban land which has been brought within the purview of wealth tax means any land situated.

(i) in any area which is comprised within the jurisdiction of a municipality or a cantonment board and which has a population of not less than 10,000 according to the last preceding census; or

(ii) In any area within such distance, not being more than 8 kms. from the local limits of any municipality or cantonment board as the Central Government may specify in this behalf by notification in the official gazette. Such a notification has already been issued on 9.11.93. It has been published in the Gazette of India bearing S.O. No. 871 of 17.11.93.

Out of the areas above covered under the definition of urban land, the following urban lands have been exempted from the wealth tax :-

(i) land on which construction of a building is not permissible under any law for the time being in force in the area in which such land is situated;

(ii) the land occupied by any building which has been constructed with the approval of the appropriate authority;

(iii) Any unused land held by the assessee for industrial purposes for a period of 2 years from the date of its acquisition by him.

(iv) Any land held by the assessee as stock in trade for a period of three years from the date of its acquisition. The exemption at serial no. (iv) is from 1.4.94 i.e. Assessment Year 1994-95 only. From Assessment year 1995-96 this exemption will be available for a period of 5 years from the date of its acquisition.

Under the wealth-tax Act, specified assets are includible in the wealth of legal owner. However with effect from 1st April, 1997 i.e. Assessment year. 1997-98 and subsequent years the following provisions deem the beneficial owner to be the owner for the purpose of taxation in the following situations :

(i) a member of a co-operative society or a company or any association of persons, to whom a building or part thereof is allotted or leased under a house building scheme of the society or the company or the association, as the case may be,

(ii) a person who is allowed to take or retain possession of any building or part thereof in part performance of a contract of the nature referred to in section 53A of the Transfer of Property Act, 1882,

(iii) a person who acquires any rights, excluding any rights by way of a lease from month to month or for a period not exceeding one year, in or with respect to any building or part thereof, by virtue of any such transaction as is referred to in clause (f) of section 269UA of the Income-tax Act.

The amount payable to the Co-operative society or company by the assessee in relation to such property shall be allowed as a debt.

With effect from 1st April, 1993, wealth-tax will be chargeable in respect of the net wealth exceeding Rs. 15 lakhs @ 1% only. In view of these changes in the Wealth-tax Act, the collection from this source has gone down substantially.

Anticipated import duty realisation (net) in 1998-99 shows an increase of Rs.4141.51 crore as compared to the Revised Estimate of 1997-98. The increase in revenue is expected mainly from petroleum oils, plastics, chemicals, machinery, project imports, motor vehicles, iron & steel, copper, baggage etc.

(ii) **Export Duties:** - The Revised Estimates of net collection from Export duties in 1997-98 was placed at Rs.2.42 crore as against the original estimate of Rs.3.10 crore. The budget Estimate for 1998-99 has been placed at Rs.2.68 crore.

EXCISE

Union Excise Duties and Cesses are levied on commodities covered by the Central Excises Act, 1944 and other special Acts enacted from time to time. For estimates of revenue, these commodities are grouped into 139 budget heads. The receipts during 1997-98 were estimated at Rs.47700 crore, as against the original Budget Estimate of Rs.52200 crore showing a decrease of Rs.4500 crore. The receipts in 1998-99 are expected to be Rs.53400 crore. The following Table summarises the position of excise revenue (net of refunds and drawbacks): -

1. (a) Basic and Special Excise Duties other than (b) below	45133.46	40276.26	44907.49
(b) Additional duties on textiles and textile articles	645.35	618.53	597.53
Total	45778.81	40894.79	45505.02

(b) Others	285.13	235.57	265.00
Total (1+2+3)	52200.00	47700.00	53400.00

The commodity-wise details of revenue from Union Excise Duties for Actuals of 1996-97, Budget and Revised Estimates of 1997-98 as also the Budget Estimate of 1998-99 are given in Annexure 2.

As against the original estimate of basic excise duties of Rs.45133.46 crore the Revised Estimate was placed at Rs.40276.26 crore. The decrease of Rs.4857.20 crore was mainly on account of less revenue realisation from iron & steel, plastics, Machinery (Electrical & Non-electrical), motor vehicle (excluding public transport type motor vehicles), cement clinkers, cigarettes, synthetic staple fibre, chemicals, cotton yarn etc. This decrease in estimated revenue realisation is likely to partly offset the expected increase in revenue from motor spirit, petroleum gases, cess on crude oil, cosmetics/toilet preparation, soaps, fabric of man made staple fibre etc.

The increase of Rs.4631.23 crore in basic excise duties in Budget Estimate for 1998-99 as compared to the Revised Estimate for 1997-98 is mainly on account of expected higher excise revenue realisation from plastics, motor spirit, R.D.Oil, cigarettes, motor vehicles, machinery, synthetic filament yarn, tyres & tubes, pharmaceutical products, wires & cables and iron & steel.

The receipts from Additional Excise Duties in lieu of Sales Tax were placed at Rs.3675.45 crore in the Revised Estimate for 1997-98 as against Rs.3395.55 crore in the Budget Estimate for 1997-98. The Budget Estimate for 1998-99 is placed at Rs.4153.41 crore.

Distribution of Union Excise Duties between Centre and States:

Article 272 of the Constitution provides for sharing a part of net proceeds of Union Excise Duties and their distribution among the States in accordance with law enacted for the purpose. However, the receipts from additional duties on textiles and textile articles levied under the Additional Duties of Excise (Textiles and Textile Articles) Act, 1978 are, in terms of Section 3(2) of the said Act, not distributable among the States. Similarly, the receipts from earmarked cesses are also not shareable with States.

Under the Union Duties of Excise (Distribution) Amendment Act, 1995 based on the recommendations of the Tenth Finance Commission, 47.5 per cent of the net proceeds of Union duties of excise levied and collected under the Central Excises and Salt Act, 1944, and any other law for the levy and collection of such duty, excluding cesses levied under special Acts and earmarked for specific purposes, are to be paid to the States and distributed among them during each of the financial year 1995-96 to 1999-2000.

While 40% of the net proceeds of shareable Excise Duties will be distributed among all the States on the basis of percentages prescribed by the Commission, the balance 7.5% will be distributed among the deficit States in accordance with a separate set of percentages prescribed by the Commission for each of the financial year. The percentage shares on which the States' share for 1997-98 and 1998-99 have been worked out are given in Annexure 3.

The Additional Duties of Excise (Goods of Special Importance) Act, 1957 provides for the levy and collection of additional duties on sugar, tobacco, cotton fabrics, woollen fabrics and man-made fabrics. This duty is in addition to the duties payable under the Central Excises and Salt Act, 1944 or under any other law for the time being in force, and had replaced, by agreement with the State Governments, the sales tax otherwise levied by the States on these commodities. The entire proceeds of the additional excise duties, other than the proceeds attributable to Union territories, are distributable among the States. Additional Duties of Excise (Goods of Special Importance) Amendment Act, 1995 based on the recommendations of the Tenth Finance Commission prescribes the percentages of net proceeds to be paid to various States during each of the financial years 1995-96 to 1999-2000, after deducting a sum equal to 2.203 per cent of the net proceeds as being attributable to Union territories. The percentage share of each State is shown in Annexure 3.

The sharing would be subject to the condition that if during any financial year, there is levied and collected in any State, a tax on the sale or purchase of any of these commodities by or under any law of that State, no sums shall be payable to that State in respect of that commodity in respect of that financial year unless the Central Government by special order otherwise directs.

The States' share of Union Excise Duties and Additional Excise Duties in lieu of Sales tax has been worked out on the above basis for Revised Estimates 1997-98 and Budget Estimates 1998-99.

The estimate of share payable to States is shown in the following table:-
