

**LIST 29 (See S. No. 323 of the Table)**

|                                      |                                     |                                    |
|--------------------------------------|-------------------------------------|------------------------------------|
| (1) Ophthalmoscope-Direct/Indirect   | (12) Intraocular lenses/            | (25) Automatic refractometer or    |
| (2) Ophthalmic/Xenon Arc             | Keratoprosthesis / orbital implants | lensometer / projection lensometer |
| (3) Flurescein Angiography           | (13) Diathermy equipment            | or a combination of the aforesaid  |
| Equipment including Fundus           | (14) Synoptophore                   | (26) Complete refraction unit with |
| Camera                               | (15) Silicone Sponges/ rubber /     | phoropter / projection - chart     |
| (4) Ultrasonic Equipment (A scan/    | bands, for Retinal Detachment       | (27) Ophthalmic hydraulic chair    |
| Pacchy meter)                        | Surgery                             | (28) Low visual aids and sets      |
| (5) Microsurgical needles, cannulas, | (16) Vitrectomy equipment           | (telescopic glasses)               |
| blades, trephine blades, membrane    | (17) Phaco-emulsification system    | (29) Colour vision testing         |
| peelers, diathermy probes, vitreous  | (18) Visual field recording         | equipment                          |
| cutters, atraumatic needles and      | equipment                           | (30) Photoelectric keratoscope and |
| sutures, intraocular scissors and    | (19) Ocular electro physiological   | thermokeratoscope                  |
| forceps                              | testing equipment                   | (31) Pseudo-isochromatic chart     |
| (6) Tonometer (Schiotz/              | [Electroretinography /              | book / Ishiare                     |
| Applanation / Pneumo)                | Electroculography / Visually        | (32) Slit lamp biomicroscope /     |
| (7) Retinoscope streak/ spot         | evoked response equipment           | photo slit lamp                    |
| (8) Operating glasses (2X, 4X, 6X)/  | (ERG/EOG and VER)]                  | (33) Surgical operating zoom       |
| Binomag                              | (20) Keratometer / Automatic        | microscope with closed circuit TV  |
| (9) Gonioscope, 3 mirror lens,       | Keratometer                         | camera                             |
| special lenses for laser delivery,   | (21) Prism bars                     | (34) Surgical operating microscope |
| special diagnostic lenses (14D,      | (22) Laser Interferometer           | manual                             |
| 20D, 90D), Endo lens                 | (23) Pachymeter - optical /         | (35) Argon / krypton laser         |
| (10) Sterilisers (high speed /       | electronic                          | (36) Yag laser, excimer laser or   |
| ethylene)                            | (24) Aspiration - irrigation        | diode laser                        |
| (11) Specular microscope with        | equipment                           |                                    |
| monitor and recorder                 |                                     |                                    |

**LIST 30 (See S. No. 324 of the Table)**

- |  |   |  |
|--|---|--|
| (1) Otoscope   | (10) Sinoscopes 0° , 30° , 70° , 120°<br>(2.6 mm and 4 mm diameter) | (19) Video Processor   |
| (2) Impedance Audiometer                                 |   | (20) Video Cassette Recorders used<br>along with the Video Endoscope |
| (3) BERA (Brain Evoked Response<br>Audiometry)           | (11) Instruments for Endoscopic<br>Sinus Surgery                    | (21) ENT Burrs   |
| (4) Speech Audiometer                                    | (12) CCD Camera, Monitor, VCR<br>to fit with Sinoscopes             |  |
| (5) Surgical Operating Microscope                        | (13) Cochlear Implants and<br>equipment for performing Cochlear     |  |
| (6) Fresnel's glasses                                    | (14) Voice Prostheses   |  |
| (7) Magnifying Operating Glasses<br>(Magnifying Loupes)  | (15) Blom Singer Voice Prostheses                                   |  |
| (8) Microsurgical instruments for<br>all Ear surgeries   | (16) Electronic Larynx  |  |
| (9) Sialistic sheet used for<br>Tympanoplasty operations | (17) Sigel's Speculum   |  |
|  | (18) Microlaryngeal instruments                                     |  |

**LIST 31 (See S. No. 325 of the Table)**

- |   |   |  |
|---|---|--|
| (1) 12 (+/- 1) mm Laparoscope<br>(Single incision)  | (8) Machine for Gas Insufflator<br>with Gas Tubing Spare<br>Carbondioxide (CO <sub>2</sub> ) Hose Pipe and<br>a Gauge | (14) Falope Rings  |
| (2) Falope Ring - applicator single<br>incision (for two rings) and<br>procedure instruction manual, kit<br>containing guide and loader and<br>cleaning brush | (9) Dual incision applicator Two<br>rings   | (15) 6-8 mm Laparoscope (double<br>puncture)   |
| (3) 12 (+/- 1) mm Trocar (including<br>piston type) with spare washers for<br>sleeve and canulae and cleaning<br>brush  | (10) Trocal and Cannula 6-8 mm<br>with valves gas stopcock  | (16) Scissors 34-37 cm   |
| (4) Fibre Optic Light Cable   | (11) Probe 34-37 cm   | (17) Suction Cannula 34-37 cm  |
| (5) Bulbs, fuse lamps, Adapter for<br>Fibre Optic Light<br>Cable/Laparoscope  | (12) Verres Needle (4" and 5½")   | Notes:-  |
| (6) Carbondioxide (CO <sub>2</sub> ) cylinder<br>with pneumoperitoneum apparatus  | (13) Minilight source with<br>accessories consisting of :-  | (A) Item Nos.(6), (7) and (8) may<br>be imported separately or in<br>combinations as dual control<br>assembly.       |
| (7) Light Source  | (a) 6 volts rechargeable battery  | (B) Item Nos. (1) and (2) may be<br>separate or in combination; when in<br>combination, it is called<br>Laparocator. |
|   | (b) AC battery charger  |  |
|   | (c) AC power supplier 220 volts   |  |
|   | (d) Inter-connection assembly   |  |
|   | (e) Convertor   |  |

**LIST 32 (See S. No. 327 of the Table)**

|   |   |   |
|---|---|---|
| (A) (1) Braille writers and braille writing instruments   | (6) Geometrical aids like combined Graph and Mathematical Demonstration Board, Braille Protractors, Scales, Compasses and Spar Wheels     | (9) Specially adapted clocks and watches  |
| (2) Hand writing equipment Braille Frames, Slates, Writing Guides, Script Writing Guides, Styli, Braille Erasers    |   | (B) (1) Orthopaedic appliances falling under heading No.90.21 of the First Schedule |
| (3) Canes, Electronic aids like the Sonic Guide   | (7) Electronic measuring equipment, such as calipers, micrometers, comparators, gauges, gauge blocks Levels, Rules, Rulers and Yardsticks | (2) Wheel chairs falling under heading No. 87.13 of the First Schedule              |
| (4) Optical, Environmental Sensors  |   | (C) Artificial electronic larynx and spares thereof                                 |
| (5) Arithmetic aids like the Taylor Frame (arithmetic and algebra types), Cubarythm, Speaking or Braille calculator | (8) Drafting, Drawing aids, tactile displays  | (D) Artificial electronic ear (Cochlear implant)                                    |

**List 33 (See S.No. 338 of the Table)**

**Thermal Projects :**

1. Kahalgaon Stage II – 1500 MW
2. North Karanpura STPP– 2000 MW
3. Barh STPP – 2000 MW
4. Cheyyur – 1500 MW
5. Hirma – 3960 MW
6. Krishnapattanam – 1500 MW
7. Pipavav – 2000 MW

8. Maithon-1000 MW
9. Anta-1300 MW
10. Kawas – 1300 MW
11. Auraiya-1300 MW
12. Gandhar-1300 MW
13. Cuddalore-1000 MW
14. Narmada-1000 MW

**Hydel Projects :**

1. Koel-Karo (Bihar) – 710 MW
2. Teesta-V (Sikkim) – 510 MW
3. Koldam (Himachal Pradesh)– 800 MW
4. Parvati (Himachal Pradesh) – 800 MW

---
