

STATEMENT 4AA

Statement showing Fund balances under Single Nodal Agency (SNA) Accounts with State/eligible UT Governments in respect of select Centrally Sponsored Schemes

Centrally Sponsored Schemes (CSS) includes those schemes which are funded by both the Centre and the States as per the approved sharing pattern and implemented by States.

Since, FY 2021-22, the Union Government has been implementing the Single Nodal Agency (SNA) model. It aims at enhancing visibility and transparency in fund flows to States under Centrally Sponsored Schemes (CSS). It seeks to ensure just-in-time release of scheme funds to States based on the pace of expenditure. As the Union Government/ States borrow to finance their development/ welfare schemes, this system avoids float/ idle parking of funds, which results in savings in interest costs for further productive use. This model also facilitates realistic and transparent budgeting.

For each scheme, the State Government designates one Single Nodal Agency (SNA) and opens its account in a scheduled commercial bank. All scheme funds remain only in the SNA account. Other scheme Implementing Agencies (IAs) down the line, open Zero Balance Subsidiary Accounts (ZBSAs) to draw funds from SNA account. State treasuries are integrated with PFMS & exchange data on release of Central & State share of CSS funds. SNA bank accounts are also mapped in PFMS to get near real time information on fund availability in SNA account through Core Banking system.

The following table provides details of select scheme-wise outlays (for schemes with BE 2024-25 more than ₹500 crore), total fund released by Gol in 2024-25 till 31.12.2024, fund balances with SNAs and with State/UT Governments (as on 31st December, 2024):

(₹ in crore)

Demand No. & Name	BE 2024-25	RE 2024-25	Total Funds released by Gol till 31.12.2024	SNA bank Accounts Balance of States & eligible UTs	CSS funds (Central Share + State/UT Share) in State/UT Treasuries (Not transferred to SNA)	Total funds available with States/ eligible UTs
